Hello,

Yes, she is here and I will send her your way after we are finished.

Hello,

I just sent [REDACTED] up to your classroom. She asked if she could go speak to you. She said that you give her good guidance and since you were a friend of [REDACTED] you understand what she's going through. I have referred her for counseling with Mr. Wrase, our School Psychologist. I asked that she check back in with me when she's done talking to you.

Thank you,  
Kendall
